*Jupiter in Pisces 2010-2011
with Derek Hawkins*

17th September 2010
7.30 p.m. – 9.30 p.m.

Poole Christian Spiritualist Church
18 Kingland Rd Poole Dorset BH15 1TP

This year Jupiter, which rules among other things knowledge, philosophy and belief, travels through Pisces the sign that governs the intuitive and psychic world. It does this every 12 years giving us an opportunity to further develop the connection we have with our intuition, and consequentially use our insights to make the most of our lives.

Jupiter will be encouraging us to let go of our fears and fulfil our dreams. There are many uncertainties in life, the future perhaps being the biggest of them all. With the help of Jupiter we may be able to listen to the wisdom of our dreams, kindle hope, and face the future with courage and trust.

In his talk this evening Derek will look at how the fears of each of the 12 Zodiac signs can be replaced by trust, and how we can benefit from the presence of Jupiter in Pisces.

Derek has been a professional astrologer for many years. His background is in healing, meditation and personal growth in which he has over 30 years experience. He is resident astrologer to Kindred Spirit Magazine, and runs his practice from his Berkshire home. Derek also teaches using experiential astrology, and runs workshops. Derek's talks are lively and entertaining, he brings Astrology alive, making it interesting and fun.
